If Deceased:

Comments: Great assignment. It was the 635th Radar Squadron when I was there. I was at 24th Air Division at Malmstrom AFB, Montana when NORAD asked for volunteers to reopen radar sites in the Southern Air Defense System. I volunteered and left Malmstrom 31 Oct 72. I had a great supervisor (Capt Johannes Van Ooyen) and had met the commander (Major John C. Mueller) when I was at my second remote (Kume Jima, Okinawa) in 1966 or 1967. He came to the site to inspect Radar Operations. One day I talked with the First Sergeant (SMSgt Hudson) and told him I had long wanted to attend the NCO Academy. SMSgt Hudson called the ADC NCO Academy at Tyndall AFB, Florida and got me a slot. I was separated from my first wife when I arrived at Dauphin Island and had filed for divorce while at Malmstrom in April 1972. There were no barracks for single/separated personnel and the first month or so we used the old base housing which was then Coast Guard recreational housing. I next moved!

in an apartment in mobile for about two months and finally we were authorized housing on the old Brookley Field in Mobile. It was great because they put three guys in a three bedroom fully furnished house. One of the guys who shared the house with me was from Fort Walton Beach, Florida and he went home every weekend and holidays. The other guy was from Louisiana and he went home almost every three days break he had. I often had the house to myself. Montana threw my divorce out because I was not a resident and was no longer stationed there. I went to Pensacola, Florida in July 1973 and filed for divorce because I was a Florida resident. I left Dauphin Island on 1 Jan 1974 and started the NCO Academy the next day. I graduated from the NCO Academy on the night of 14 Feb 74. I got up at five the next morning and drove to Pensacola, and went to court, and the judge granted my divorce. I was a very happy young man.

Comments: I remember people like McKnight, Graves, McGrevy, Kenes, Babb, And Dobsin. And I have pictures in my mind of others but can't bring up the names. A picture that I saw of Graves....dang, he looks just like I remember him. Dauphin Island...what a place. Fun in the summer but not much going on in the winter. That has porbably changed, as most places have. I remeber playing flag football and being part of the bowling group. Cars were a part of my life as they are now (Facebook Lous Faulkner).

Comments: Got \$3.00 travel pay to go from Keesler AFB to Dauphin Island. Sat through two hurricanes, neither one very bad, but got in trouble for wearing my bathing suit to go out and lash down the antennas of the FPS-6's. Had to come back down because the rain drops were like bullets. Things got a little tense during the Cuban Crisis. Had to take turns walking the fence line with an unloaded carbine. Go figure. Spent my off hours in the summers working on a charter boat as 1st mate for Leon Esfeller. Made a lot more money than what I was getting from Uncle Sam. I'm not real good on names, but I was on duty when one of our illustrious APs accidently discharged his sidearm during change of guard in the Operations guard shack and the bullet went through the commander's window. Good thing it was 11 PM. He suffered from shock and powder burns across his belly..Same guy got put into Special Services and ran our tractor off the end of the pier. All in all, it was great duty, but zero promotions.Probably would've stayed in if there was any hope of a promotion.
