General Comments: The 7th was the first to get the radio equipment loaded jeep - MRC-108. I went to Collins radio to see it before it was shipped. We were the first to get the Air Force ar15/m16. These were the ones we had before the army messed them up using the black powder. We also had the p38 peacemaker pistol. We trained with all of them and also trained other DASF UNITS THAT CAME TO HAWAII. This was before all units had their jeeps.
That's all for now.

General Comments: Los Vegas sounds like a good site for the reunion. There would be plenty to do there and I understand that air fare there is about as reasonable as you can get plus room rate are good. Springfield has the Lincoln sites including the new Lincoln Library and Museum, plus New Salem village (where Lincoln was a young man). Springfield would be more centrally located but I'm not sure it would be as easy to get to. Air line schedules are rather limited. And other than the Lincoln sites there isn't a lot to do. I would prefer that it be held sometime next year to give us all time to make plans to get there. I will be interested in talking to those who were in the DASF's after 1966 and just how the units developed after that.

DASF Flight # 0 Years in DASF:

TACP Location:

TACP Assignments: Assigned: I had been reassigned to Shaw AFB, SC after a reduced tour at Elmendorf AFB (Ft. Richardson) in AK in Nov 1964. I was reassigned to the 507th DASC at Shaw where we participated in many TDYs with the Army including back to Fairbanks, AK. By this time I had already been teamed with a Captain Jerry K. Richards (FAC). There were already 4 other officer/airman teams formed. We were selected for embedding into the 1st Infantry Division which was about to embark to Vietnam. There were 11 FAC / ROMAD teams already with the army at Ft. Reiley (sp). Our group of 5 teams flew out on a C-130 on 5 Oct 1965 and arrived in Vietnam on 6 Oct 1965 (my 25th birthday). Happy BD to me. Of our 16 original teams 15 stayed with the main HQ while Capt Richards and I were embedded with the 1st Squadron, 4th Cavalry at Phu Loi. There I remained for a 6 month TDY with my Radio Jeep and the Capt flew his O1e Bird Dog. I never knew what I was until 50 years later.

Enemy fire: While at Phu Loi we never experienced any direct enemy fire. We had some incidents where flares were fired to light the outer perimeter. It was still a little early for us to get much action at our location even though later in the war our area was infiltrated and many under ground tunnels were discovered in the Iron Triangle.

General Military History: My entire enlistment was with the Air Force but I always tell folks that I spent more time with the Army.

Later, when I get my thoughts together. Was a long time ago and I am now 75.

General Comments: This was all new to me but I enjoyed watching / observing the evolution of living in the field.

Fly O1e: We flew exclusively in OV-10 Broncos. Call signs: Sidewinder 30, Rash 30, Jade 30. Assigned to 19th TASS Based out of Bien Hoa. Spent 2 tours mostly at US Army Ranger locations, FSB's, etc.

Enemy fire: We were always experiencing ground fire (we usually took care of that in short order by either strafing, using our HE rockets or our WP's to place smoke on the bad guys to call in other air support (F4's, Spads, A1e's, Mohawks, US Army Cobras, etc.).

General Military History: First tour assigned to the First Infantry Division, second tour assigned to First Air Cav; both tours assigned to Ranger units to provide air support for them.

General Comments: Romad Comments: Felt I was very good at what I did. Did not like killing, but felt I was doing my part to protect and serve my Country. Had too many near death experiences to count, felt charmed I guess. Now rated with VA at 100% service connected with PTSD. Would still be there had the military let me spend more than 2 consecutive tours in VN.

Military Comments: Overall, in hindsight, I wish I would have stayed in and retired at 30 years still young enough to enjoy my pension. But, then I remembered all the chicken S^%\$ once I got away from combat, and felt I made the right selection. Went to Germany for 3 1/2 years after Nam. Loved being there.

TACP Location: 503 DASS 68-69

TACP Assignments: Assigned: 1968-1969--Duke Field, Eglin AFB. Can't remember outfit designation, but it was squadron-level combat communications. We had to go through Ground Combat School (at least I did)

General Military History: Enlisted 1963; basic, then Keesler for 304x4 training; GATR sites in Cut Bank, MO and Hastings, NE; next to Osan then to Eglin; sent right back to same outfit, now called 503 DASS but quartered at Camp Casey full time; last assignment to Andrews AFB GAR site at Brandywine, MD.

General Comments: Korea was certainly an eye-opener for all of us, especially those of us younger folks. With a unique culture to explore and the possibility of being in a "hot" war at any second, we were certainly out of

our comfort zones at times. My first tour, my FAC and I went TDY every other week to some Army camp to train with different units. Driving on those roads (and very often OFF road) really killed my back to this day. I have several slides and photos I'll add to the gallery when I can. Thanx to all who provided theirs, brought back lots of memories!!

Pictures / Orders etc.: While we all appreciate the efforts of those who have submitted photos, if very simple info such as date / year and general or specific location would be of even greater value.

Most were equipment deliveries, but the 0-1's and 0-2's were FAC Orientation flights.

Enemy fire: Fall 1971, Nui Ba Den, 25th Inf / Fall 1971, Mekong River outside of Can Tho, Naval River Forces / Spring 1972, Loc Ninh, Avn Company with 1st Inf / On the road between Can Tho and Bien Hoa, Fall 1971, Summer 1972

General Military History: Military Units: Used primarily as a rover, installer, troubleshooter and short notice deployer.

General Comments: Romad Comments: Loved the assignment. Drove almost 35,000 miles. Missed 2 consecutive freedom flights home to drive to locations only I had been to before. A few brown spots on my tidy whites but overall. Enjoyed the ROMAD assignment better than my tours at Nha Trang (65-66), Can Rahn Bay (66-67) and Saigon (68-69-70).

General Military History: Worked with FAC's during the Easter Offensive as ground radio op with US Army Artillery Support
and Marine units working Naval Gunfire

AF wasn't the same after working FOL's in RVN, hard to relate to SAC Rules and regs

After Nam they involuntarily cross trained me to 702 (titleless waf) as a one level. When I did not concur with my status, the AF and I went head to head.

Military Comments: After VN I didn't fair so well seems the AF didn't want to hear about one 19 yr olds displeasure of involuntarily being cross trained to a titleless waf.

General Comments: I would very much like to attend a Reunion of other ROMADS. One Principal suggestion would be if the Organization could // Obtain Authorization To // Award the Bronze Star Medals for Actions taken during the Easter Offensive. While assigned to Team 155 MACV ADV. Col. Brookbanks has said in conversation he'd check on the status. One of those who lived thru it and I have recently been reacquainted. His Name is John e. Bowman he worked for Maj. Brookbanks and Capt Houston. He was Not alone SGT. CLARK LED THE TROOPS SGT DANNY MOORE others R/O's were Grace and Howle. The draft message for personnel to be Airlifted out of Au Ti stated USAF /7.I had the distinct pleasure of working with Clark, Bowman<Moore and myself were on the insert team to reoccupy Hue May 3rd 1972. I have searched the Army records. USAF is Next any one know who to talk to???

Then We were just Radio Operators, it wasn't til 3 years ago I heard the Phrase PackRats and only recently the FACNET listing has me as a ROMAD, can only presume it's in the Blood. I have pictures of several Radio Operators I-CORPS 1972

Romad Comments: Too Busy to recall details search of times shows deep involvemnet. Loss of AirCrews most depressing Save return or successful SAR very rewarding

Military comments: After Nam I went to SAC they involuntarily cross trained me into tit less WAF or tried to anyways.

Romad Comments: Worked with the best Tactical Air Support Squadron bar none. Both tough to feel good when your under attack

TACP Location: ? 19 TASS ?

TACP Assignments: Assigned: 2nd Brigade Korean Marines (Blue Dragons) - Tuy Hoa Jan 1966-Aug 1966, Then same unit in I-Corp until late Dec 1966 when we were replaced by a US Marine ANGELCO team. Came home in a C-130 to Travis. Fly O1e: Yes from Tuy Hoa 1966

General Military History: Sure could have used a little training BEFORE starting this assignment. Received NONE... Just got off the plane at Tan Son Nhut, checked in at the 504th, got field equipment and sent north. What a surprise!!! Military Units: ROK Marines, 2nd Brigade (Blue Dragons)

22 Years in the AF were good. Would do it again.

General Comments: Enemy fire: Yes-while airborne in our one and only 01E out of TuyHoa. That one was enough!

DASF Flight # 4 Years in DASF: 11-66 ~ 10-67

TACP Location: DASF OSAN KOREA

TACP Assignments: Assigned: Right now 8/12/08, I am not sure which DASF that I was in. I'll have to look up that info. Turns out to be the 4th DASF. I do know that I was in the same group as Robin. He left country earlier in the same year I arrived (November '66).

Enemy Fire: No, but I did one week on the top of a mountin where the ROK regiment was clearing the area of "Charlie". Kinchloe AFB, Michigan, prior to going to Viet Nam. I was in a BOMARC missile squardon. I was part of the pre-launch crew. My particular group "maintained" the pre-launch and status equipment. AFSC 30454 (Ground Radio Maintenance) yet working with digital launch equipment - go figure.

Also assigned to Nah Trang

General Military History: First, basic training (Lackland AFB, Texas of course); Ground Radio school at Keesler AFB, Mississippi; CIM10B Status and Pre-launch equipment (Bomarc missile) school Chanute AFB, Illinois; Kinchloe AFB, Michigan plus a two week stint at Eglin AFB, Florida to actually participate in a launch of one of our missiles; Vietnam (North of Qui Nhon - next door to Phu Cat AFB with The First Regiment of the ROK Tiger Division (our pilots did recon and ran the air strikes). Then Home (early out - 4 months).

Spent time with the RoK's

General Comments: Not sure if I can be there or not, at this time if I can make it. Will consider any future reunions.

I have a few stories of my time in Michigan but too long to type it all here.

Pictures / Orders etc.: I have many, many slides from February '67 to when I left VN in October 67. I'll have to scan them and then I can post them on my web page, which is down for reconstructuon right now.

DASF Flight # 1 Years in DASF: 9-64 ~ 9-65

TACP Location: 1 DASF - JAPAN AND VIETNAM

TACP Assignments: Assigned: 1955- 1957 5th comm near Nagoya Japan.
1957 same unit Kadena Okinawa.
1958 760th AC&W near Colville WA.
1958-59 McChord AFB Tacoma WA.
1959-63 Fuchu AB Japan near Tokyo
1st MOB Johnson AB near Tokyo Japan
Plus Moran AB Spain.

Hill 29, ARVN 2nd Div 5th Reg. near Tam Ky - Enemy fire was mainly on operations, I went on everyone with 5th Reg. while I was there.

5th Comm and 608th Sq Gifu Japan - 1955-1957
Same Unit Kadena AFB Okinawa - 1957

General Military History: Loved the military but had to get out early after 13 years because of divorce and my custody of children. I have had prostate cancer and lung cancer as a result of agent orange and am in the process of submitting a claim for PTSD, which I didn't realize was affecting me until recently.

I was assigned to ARVN I Corps 5th Regmt south of Da Nang and about 10-12 miles north of Tam Ky. Many, many operations and many incidents of enemy fire. When I was in RVN we were called Pack Rats. I spent a year in the field. There was an army major and his radio operator at the rgmt but they normally didn't have much to do with me because I was USAF and they had their own things going. They only had to stay with the ARVN for 6 months but the USAF had no such policy so I stayed there for the whole year. Lt Turner was the ALO but I only saw him once or twice and that was in Da Nang. There was a FAC who came to the rgmt once and stayed for a few days, but when we were on an operation the commander (army) of the advisory teams came in by chopper and took him somewhere and told me I was now the FAC (ground of course) I never saw another team member at the rgmt. Someone came out once a month and gave me a paycheck. When I first got into the country only those who were in combat situations received combat pay. I received it every month but for the first few months we had to fill out a form showing all incidents of enemy fire. Pictures - I have quite a few but all are black and white. I can share.

General Comments: I just found out about this, had I known about it I would have certainly planned on this. I am flexiable

I was assigned to ARVN 1 Corps 5th regiment. South of Danang and about 10-12 miles from Tamky. North of Chulai. Many operations and many incidents of enemy fire.

When I was in RVN we were called Pack Rats. I spent a year in the field. One army major and his radio operator who normally didn't have much to do with me because of me being USAF. They only had to stay there 6 months. USAF had no policy. There were some terrible things that happened while I was there. The FAC who was assigned came out once and almost got us killed. He was relieved of duty and the addigned me as the FAC.

1955-1967. Basic Parks AFB Calif.
0Radio school Keesler AFB MS.
Nagoy, Gifu and Okinawa 1955-1957

5th Comm and 601 and 608th Sq.
760th AC&W Colville WA.
Airways station Fuchu Japan
1st Mob Johnson AFB all near Tokyo.
McChord AFB WA in Charge of MARS station.
2nd Mob Moran AFB Spain 1967.
I loved the Air Force but but was forced to get out when I got a divorce and custody of my 3 children.
The judge said he couldn't take a chance on me going back to Vietnam.

Pictures / Orders etc.: I have quite a few but they are all black and white. I can either email or have copies made and send copies.

DASF Flight # 3 Years in DASF: 5-66 ~ 12-68

TACP Location: KADENA AB OKINAWA

TACP Assignments: Assigned: TDY 181 days to RVN from 507th Direct Air Support Squadron: Flew from CONUS by C-130 with MRC-108 and trailer / MD28 to An Khe, RVN. Assigned to S-3 / Air at 1st BDE / 101ABN in the areas of An Khe, moving by convoy to an area West of Qui Nhon. Later assigned to 2 / 327, 1BDE / 101 after moving by LST to Phan Rang area to provide security for initial airbase construction and finally by another LST to protect an area west of Tui Hoa. In my final month in country, I was sent to DASC ALPHA for communications support for a big fire-power demonstration dog and pony show for Westmoreland in a place called Dzuc Mei (sp?). My call sign with 101st was Ragged Scooper 25M.

General Military History: 507th DASS, Shaw AFB. May 65-May66.. I had 5 TDYs while with the 507th (181 days of which were in RVN).

G3 / Air, 7th Inf Div, Camp Casey, ROK... Feb 69-Jun 68... TDY from 3DSAF during 'Pueblo Incident'.

After working on broken airplanes (B-47s and B-52s) on my first hitch and following an 11 month break in service, I enlisted again, this time choosing Ground Radio Maintenance. While at Keesler, I got started parachuting and volunteered for Combat Control Team (CCT) duty. It seems as if the Air Force had other plans as I found myself assigned to the 507th right out of Jump School and the TACP / Direct Air Support stuff started there. The assignment to 3 DASF was waiting for me when I got back from the long TDY to RVN. I'd met other DASF troops while in RVN and jumped at the chance to go to Okinawa... I'll always be glad I did.

It wasn't until Dec '68 that I finally got assigned to Combat Control Team duty where I remained in one assignment or another until retiring from active duty.

General Comments: My tour in Okinawa with 3 DASF was one of the real highlights of my AF career.

I hope the years have been kind to everybody. I'll try to share this site with whichever of the old DASF guys I can contact. Meanwhile, Keep on keepin' on guys.

Pictures / Orders etc.: Robin, you already have a disc of the photos from 3DASF in Okinawa and ROK and a few from RVN. I'd saved them in .jpg format which I now understand may not be optimal for your use. Somewhere along the line, I seem to recall seeing a reference to .tif (?) format being preferred. Would any of the pictures be of sufficient interest that it'd make sense to scan 'em again as .tif's?
You may share any or all of them.

73, Jim Donaldson

DASF Flight # 4 Years in DASF: 64 ~ 65

TACP Location: OKINAWA & OSAN S. KOREA

TACP Assignments: Assigned: I was assigned to the 4th DASF start-up at Kadena AB, Okinawa. Served and trained there several months and then was transferred to Osan AB, Korea to start a unit there and trained there for several months and was transferred back to Naha AB in late 1965. No further contact with DASF there, I returned to a Comm unit there at Naha. Appreciated the list of names that was supplied to ROMAD by Sgt Bump, was able to contact come of my old comrades in arms. It was a great time in my life, thanks to those of you I served with.

General Military History:

General Comments: I got out of the Air Force in Naha Okinawa and stayed there as a civilian selling securities for IOS and returned to the US in 1968. Came back to Arkansas and worked for Westinghouse Credit Corp collecting bills and checking floor plans. Went back in the US Army and attended boot camp again and then started Warrant Officer Flight School for Helicopters and was asked to reup before finishing school and declined that opportunity. From there went back to Korea for a tour with the 7th Div and provided comm for an infantry unit until Mar of 1971 got out of the service and went back to Texas to start Court Reporting College, joined the Army Reserve, completed the 2 year Court Reporting school and found a job in Northwest Arkansas spent 35 years doing that for the State of Arkansas and continued my Army Reserve career getting my 23 years in there and retired from that in 1983 and retired from the State of Arkansas in 2007. Been free ever since. It was great to serve with both forces and enjoyed all the time I spent with both forces. Thanks to all.

Pictures / Orders etc.: Sorry don't have any but would like to see some of the pictures from my service there and the guys I served with.

General Comments: Tom Branham called the other day and suggested Los Vegas. Sounds good to me. It would be great to get together and see you guys. My records indicate that the 1st and 2nd DASF were formed effective 8 Oct 64 at Yokota AFB Japan. Those of us who served in the 1st Shoran Beacon (disbanded in May 64) were the original members. Effective 19 Mar 65, the 2nd DASF redeployed to Osan AFB Korea. I was the only one who made the transfer and carried the company documents to Korea. The other 2nd DASF guys transferred to the 1st DASF, I guess, I don't recall. I was the first to attend Jungle Survival School in May 65. Since we didn't have one at the time, I went to the British school at Changi AFB in Singapore. That's all my brain cell can recall. I'd like to hear from you guys.

General Comments: Hi!

My name's Frank Hall (RO) and I was with the 1st DASF from Aug 1964 to Aug 1968 and Yes it's time for a reunion. I searched the web all these years and could not find anything on the DASFs. It looks like we were a forgotten group. What counts is knowing what and how we did it. This brings back so many good memories of all the guys and the places we were at.

Nough for now, I will have more later.

Robin, I have to check my old records and see if I have any inputs on names of the 1st & 2nd DASF at Yokota.

Thanks for this website.

DASF Flight # 0 Years in DASF:

TACP Location:

TACP Assignments: Assigned: Fly O1e: I was not a ROMAD or FAC but a Ground Radio Maintenance Supervisor of a shop in Sembach AB and Lindsay AS-Weisbaden Germany. We had six MRC-107 Jeeps, 3 TSW-7 Mobile Control Towers, 30 KWM-2A Transceivers and 30 30L-1 Linear (Collins). We deployed with NATO to all of Europe and North Africa. We were involved in the clearing of the Suez Canal of ordnance and had units at Cairo, Port Said and Suez City. We were in Greece for Alexander Express and Norway for exercises there.

Enemy fire: No. In 1958-1959 I flew as a Morse Intercept Radio Operator with AF Security Service off Russia and China from the North Pole to the Taiwan Straits. We were strafed a few times by the Russians but that was just harassment or they could have easily taken us down...but we didn't know that at the time. We had a heat seeking rocket fired at us by the Chinese but it must have been defective because it obviously didn't hit us or I wouldn't be here.

General Military History: Comments: As I said, I wasn't a ROMAD or FAC so if I don't belong on this website, please remove me. I just enjoy being around guys who had the MRC jeeps and knew the radio equipment on them. I served 31 years and got out a CMSgt. Been working as a contractor to NASA at Kennedy Space Center for over 30 years. Will be 80 very soon. I am A MARS operator (since 1963) and work a MARS net most nights as AFA4BT. Ham call is W5ZXO.

Thanks for letting me talk to you.

Documented in USAF Commendation Medal Award. On file.

Major attack and suppression of large force of NVA regulars and irregular VC. Day and night mission lasting approximately 72 hours utilizing many types of aircraft and ordnance delivery profiles.

General Military History: Career Span:Mar 1965 thru July 1988.Initial Cadre force converted from 304X4 in August 1977.First ROMAD duty station 21TASS, Shaw AFB, SC(August 77-July 79). 2nd assignment:23TASS, Davis Monthan AFB, Tuscon, AZ(July 79-July 80). 3rd assignment: 601 TASG, Sembach AB, Germany(July 80-April 83). 4th assignment: HQ USAFE, Ramstien AB, Germany(April 83-July 84). 5th and final assignment: HQ Tactical Air Command, Langley AFB,VA(July 84-July 88). All duties in these 5 assignments were as a ROMAD at the ranks of SSgt thru MSgt. Ground Radio Repairman. Both heavy and light communications repair. Qualified to the 7 level status. Assignment to 764th ACW Radar Sq. St Albans, VT (Mar 66-Nov 68). Maintenance Control Technician, 2019th Comm Sq, Griffiss AFB, NY (Mar 72-Dec73). 1836 EIS, Wiesbaden AB, Germany (Dec 73-Dec74) Team Chief in charge of repair, replacement and upgrade of European Air Traffic Control air to ground communications equipment. Various assignments into Electronic Maintenance Control Offices in the Tactical Air Command Control System at Shaw AFB, SC (Jan 75-Aug77). During these assignments advance from a maintenance environment to a management environment. The best pre-career training I could ever have.

General Comments: I was blessed at having volunteered for an received an assignment to Vietnam. That is the single action that led to an force career as a ROMAD. From that event I was able to experience the Air Force from a maintenance and operation perspective that few enlisted personnel are afforded the opportunity to do. Having that experience allowed me perform every available job the career had to offer me at every level available during my time in service. What I did could literally fill a book about my career but, suffice it to say that I was more than pleased to have served and served with, the

finest personnel the AF has to offer this great nation. I will never forget where that career started and how it ended. There is no way to measure it, except to say thank you.

Career Span:Mar 1965 thru July 1988.Initial Cadre force converted from 304X4 in August 1977.First ROMAD duty station 21TASS, Shaw AFB, SC(August 77-July 79). 2nd assignment:23TASS, Davis Monthan AFB, Tuscon, AZ(July 79-July 80). 3rd assignment: 601 TASG, Sembach AB, Germany(July 80-April 83). 4th assignment: HQ USAFE, Ramstien AB, Germany(April 83-July 84). 5th and final assignment: HQ Tactical Air Command, Langley AFB,VA(July 84-July 88). DASF Flight # 0 Years in DASF: 70 ~ 71

TACP Location: AN KAE VIETNAM

TACP Assignments: Assigned: I was a US Army enlisted, assigned to the US Air Force FAC unit in An Kae, Vietnam. The FAC unit operated from the US Army base in An Kae. I flew missions everyday with Lt. Colonel Goddard for 8 months. Your suggestions of resources to try and locate members of this US Air Force FAC unit serving in An Kae during the 1970-71 time frame would be greatly appreciated. I was so prevelaged to serve with such a highly professional unit of US Air Force veterans.

General Military History:

General Comments: I just regret not keeping in contact with these very special individuals after we left Vietnam. Your help would be greatly appreciated. The reunion sounds like a great idea. I was a us army spec 5 assigned to usaf fac unit in An Kae Vietnam. Commanded by Col Goddard. Major Hastings assigned to the unit also. Activities included marking tagret in the central highlands and for a short period in Cambodia. My activities including flying missions daily with Col Goddard or Major Hastings and documenting results of missions upon compeltion. Weekly I distributed "kack wheels" (decoders) to 4th Army command to enable communications between the Army and the Air Force. I have numerous pictures on slides from the missions that I would need to convert to digital.

General Military History: Military comments: War is hell! Warriors should not be judged for atrocities, because everything in war is an atrocity! Welcome home brothers and sisters and may God Bless you all!

General Comments: Romad Comments: The Air Force FACs were all great pilots and great friends! The bad times were when we couldn't provide air support in time and suffered casualties. The good times were when I worked in the MARS station and connected soldiers with their loved ones. I also would relieve door gunners on Black Cat helicopters on my days off.

Enemy Fire: yes, several field deployments w/Koreans. Also at Ninh Hoa (rockets and mortars). Evacuation of Saigon.

General Military History:

General Comments: Hi,
I googled my name the other day and found much more than I expected. My name is Tony Kristol and I expected to find some information about me when I was in the 1st Mob. I did, but I also ran across the DASF site, which was a total surprise.

I spent a lot of my AF career in TACP's, DASC's, TASS's etc. 4th DASF ('65-'66) (2nd DASF was located in the same compound and we lived in the same barracks and worked the same missions so I am familiar with it too.) 3rd DASF (66-68), 604th DASS (68-69) (formerly 7th DASF), 19th TASS ('70) for two short months, 21st TASS (70-71) (NCOIC 5th SF ALO which included Nha Trang and Ba Me Thuot (East Field) and when SF was deployed back to CONUS, NCOIC ROK 9th Inf Div ALO at Ninh Hoa.) Went to 1st MOB from '71 to '75 and then back into TAC with the 682nd DASC at Shaw AFB in support of the 82nd Abn at Pope.

I was no longer on jump status and not enjoying my AF career. The AF had abandoned all the 293's that had served them so faithfully as ROMADS. I tried to get into Special Operations at Hurlbert but was turned down, volunteered for EOD (they were looking for Senior NCO's to cross train but wanted me to extend my enlistment for 4 years which I didn't want to do. By then I was a MSgt, age 42, so I retired.

Pictures / Orders etc.: I can offer you the following:

Names of some of the troops assigned to the 4th and 2nd DASF (the names you have listed under 2nd DASF on your site are actually almost a complete roster of the 3rd DASF.)

Pictures of some of those personnel and a Newspaper article from the base newspaper about myself, A2C Gambee from the 2nd DASF and BG Pinkham Smith.

Please let me know if you want any of this. Also, if you have a web address of Jim Donaldson could you send it to me? We put in a lot of time in different places together and I would like to get in touch.

General Military History: I was a 304X4 and enjoyed the electronics work. After Vietnam and a tour with the 1st Cav TACP, I was very bored in a radio maintenance shop. I got assigned to a shop with the Photo Mapping Wing at Forbes AFB, Kansas, but soon wrangled a tour in West Germany with the 3rd ID. After Germany, I was sent to the big TACP at Bergstrom where I was NCOIC and later 602nd Wing Stan_Eval. I was part of the staff study that led to the creation of the 275 career field and in 1977 was picked to head up the TAC Field Training School for 27530s at AGOS. I was the TAC contact for the moving of the 3-level school from Keesler to Hurlburt. I retired at Hurlburt November 1982. I currently teach part

TACP Assignments: Assigned: Fly O1e: Arrived VN Feb. 1970 Departed Nov. 1970 early DEROS due to imbalance of AFSC in country Flew in O1e Bird Dog and O2 Skymaster Assigned to The ROK Tiger Division near Qui Nhon

Enemy fire: Twice once in October on way to Pleiku for convoy coverage up through An Khe Pass. We took mortar fire prior to going up the pass from a small hamlet. Couldn't get clearance for air support advised ROK commander and the ROKs took care of it with two tanks and a couple APCs One night in Sept after my return from Sydney on R&R we took two hits near our hootch area/parade-bivouac location with 122mm rockets that were considered meant for the Army

Helicopter Base adjoining our Div Hdqtrs Everyone knew you didn't invoke the wrath of the ROK Anyway a piece of Shrapnel struck the side of the ROMADs hootch leaving a foot size gaping hole in the concrete block wall.

General Military History: I loved the Air Force even if they sent me not only to Vietnam but put me with one of the fiercest fighting group and here I am trained for one day on the M-16 in basic training. Somewhere I pissed in somebody's Corn Flakes and I was paying for it. Military Units: ROK Tiger Division. Military Comments: I loved the Air Force even if they sent me not only to Vietnam but put me with one of the fiercest fighting group and here I am trained for one day on the M-16 in basic training. Somewhere I pissed in somebody's Corn Flakes and I was paying for it.

General Comments: Good times were had by all at TUM control great camaraderie with the flight officers and RO's along with our AGE guy Larry Stacey as was our technician for radio TSGT Jim Stewart We attempted to make the largest omelet by covering the pool table with plastic and scrambled eggs/ham and cheese Don't think we met our goal but we sure killed off a case of eggs and serious amount of ham and cheese. Bad times no doubt the temps, the humidity and most of MONSOON rains.

Pictures / Orders etc.: Yes I have photos, slides and some movie footage I have a fantastic photo of the core four group Gary Lohr, Jim Stewart, Larry Stacey and myself taken at our Miami Beach Detachment all dressed for battle (yuk yuk) !

DASF Flight # 2 Years in DASF: KADENA AND OSAN AFB

TACP Location:

TACP Assignments: Assigned: DASF Info: 2nd & 3rd DASF Oct 65 Kadena Okinawa designated 4th but remained 2nd March 65 to Jan 66 Osan AFB

Enemy fire: No not in AF Yes was in Army 58 to 61. 7th Inf Div Korea, DMG. Army did simulated air strikes in Korea with 1st Cav.

=====

I was in the USAF DASF.s in the Air Force stationed at Osan AFB in 1965.

We started out at Kadena AFB in Okinawa as the 2nd and 3rd DASF units at Kadena. I went thru the 173rd Airborne Jump Master School just before they were sent to Vietnam. They moved parts of both DASF's to Korea and were then designated the 4th DASF at Osan.

If I remember right we were at Kadena for about 6 months before we were split into the 4th DASF and rotated to Korea as a TDY Unit.

We were there 6 months before our radio jeeps were finally received. During that time we had other mobile communication radio's. We participated in exercises with both F-105 pilots located in South Korea and Okinawa calling in exercise's for simulated air strikes up by the DMZ. If I remember right we participated in simulated air strikes with the 1st Cav.

I acted as Jump Master for our F-105 Pilots so they could keep up with their requirements for jump pay. I had previously had been in the Army and in Korea previously 1959-1960 with the 7th Inf Division.

I was sent from the 101st Airborne Division (FT. Campbell Ky.) to the 7th Inf Division.

Just prior to the 4th DASF was sent to Vietnam, each person was given the Gamma Globulin vaccine to prevent Hepatitis. 1 out of a 1000 would contract hepatitis from the serum since it was a live vaccine. I contracted Hepatitis and was not allowed to rotate with my unit to Vietnam. If I remember right they were sent to Da Nang..

We had radio repairmen, airmen who operated with the Officers (F105 pilots) in calling air strikes and also weather men. We were a small group I don't really remember the number but we all fit in 1 Quonset hut located just across from the golf course on Osan AFB. The officers would fly back to Kadena once or twice a month as their families were still in Kadena. We were considered TDY personnel.

I drew jump pay when I was in Kadena and also Osan AFB. I was the only airborne qualified enlisted man in my unit but most of the officers were airborne qualified. I will have to look but I may have some photo's of our unit but I only remember a few of the men's names.

If I remember we had 7 or 8 F105 pilots and about 20 Or 30 enlisted men.

General Military History:

General Comments: Best unit I had ever been assigned to. In Okinawa I had been in the 101st airborne in the army before I joined the AF. I was able to go through Jump Master with the 173rd before they rotated to Vietnam. I maintained my jump status during my stint with the DASF units. Also was able to jump the pilots assigned to the DASF unit i was in at Osan AFB Korea.

Military Comments: I was in Korea and our DASF was rotating to Vietnam. I received the GG shot and 3 days later I was in the hospital with Hepatitis. Was not allowed to rotate with my unit which pissed me off. I was rotated back to the states and was told I would not be able to rotate to viet nam to join my unit. So I got out of the AF.

TACP Assignments: Assigned: Attached to 2nd Battalion / 8th Cav. / 1st Brigade (Airborne) / 1st Air Cav. (Hemphill's Raiders). Enemy fire: Yes. LZ OASIS near the Cambodia border off Hiway 19.

General Military History: I spent a total of 29 years in the service, retiring as a CMSgt in 1987. Speaking for both me and my family, some our best memories are of our joint-service assignments: the 7th DASF from 65-68. My return to RVN in 70-71, assigned to the ALCE at Hue / Phu Bai AAF (101st Abn), ALCE at Lawson AAF, Ft Benning, GA (USA Airborne Department), 71-76. and USEUCOM Hqs, Patch Barracks, Vaihingen, GE, 76-79. Both of our sons are Air Force veterans. Our oldest son is still on active duty as a Lt Col at (you've got it) Ft Leavenworth, KS, where he is an instructor at the US Army Command and Staff School, teaching Air Force Doctrine, thus carrying on the joint-service tradition. Would like to hear from Gary Hauge if he reads this.

General Comments: Many of those in the Army at Ahn Khe disliked anyone associated with the Air Force and would go out of their way to cause trouble. This included all ranks. I had few friends while with the 2nd / 8th.

Pictures / Orders etc.: I have some slides. However my scanner is currently out of service. I need to obtain new software as I have upgrades to a newer operating system.

DASF Flight # 7 Years in DASF: 9-65 ~ 9-68

TACP Location: WHEELER AFB HI

TACP Assignments: Assigned: I was an Operations Supervisor (27170) while assigned to 7 DASF. However, I had previously been a 292 and after most of our 292 and 304 personnel were deployed with the 25th Inf Div in 65-66, I received ROMAD training and participated in numerous training deployments to Pohakalola (?) on the Big Island and in the Kahukus on Oahu. I also assisted in the PACAF Orientation classes we conducted for all PACAF TACPs and FACs from 66-68. After the 25th was

deployed we were without equipment for nearly six month and then slowly began receiving all new MRC-108s, as well as two TRC-97s and some other stuff I can't remember. I went on one exercise deployment to Taiwan and was deployed as part of a four-man team to RVN during 68 Tet Offensive. I flew in an O-2 during this deployment with FAC, Capt / Major John Hanks of the 7 DASF. Our team attended Jungle Survival School at Clark on our way back from RVN. SSgt Gary Hauge received minor injuries during the E&E phase and was temporarily hospitalized at Clark. I also attended Airborne training in Okinawa with US Army Special Forces in 68. I was injured in my last jump during the final day of training and underwent surgery on my right hand upon return to Hawaii. I recently read Sgt Hauge's version of our Tet Offensive deployment in 1968 (7 DASF HTML) and enjoyed it very much. He has a fairly good memory.

Enemy fire: Yes, we came under repeated mortar and rocket attack at both Da Nang and Duc Pho during our deployment in 1968. We were quartered in Gunfighter while awaiting transport and took a lot of mortar and rocket fire. One night at Duc Pho was also particularly bad and a lot of helos were damaged or destroyed.

General Military History: I spent a total of 29 years in the service, retiring as a CMSgt in 1987. Speaking for both me and my family, some our best memories are of our joint-service assignments: the 7th DASF from 65-68. My return to RVN in 70-71, assigned to the ALCE at Hue/Phu Bai AAF (101st Abn), ALCE at Lawson AAF, Ft Benning, GA (USA Airborne Department), 71-76. and USEUCOM Hqs, Patch Barracks, Vaihingen, GE, 76-79. Both of our sons are Air Force veterans. Our oldest son is still on active duty as a Lt Col at (you've got it) Ft Leavenworth, KS, where he is an instructor at the US Army Command and Staff School, teaching Air Force Doctrine, thus carrying on the joint-service tradition. Would like to hear from Gary Hauge if he reads this.

General Comments: Except for my Tet offensive experience, I can't think of any bad times. I particularly enjoyed being deployed in the field with infantry. We worked side-by-side and did a lot to foster good communications between our two services and increase knowledge appreciation of the Air Forces tactical close air support operations.

General Comments: Just read the new post by Ssgt Bumphus and he either has a great memory or has some paperwork in fron of him because all the names he mentioned I do remember.

Funny story concerning him, when he first showed up in Korea, I remember addressing him as Sgt Bumpus. He said "the name is Bumphus...Bumphus". Well, you know what happened after that night. Every time I addressed him I said "Sgt Bumphus...Bumphus". He acted like he was mad when I said it but there was always a little smirk on his face! Though he tried to act like a hardass, he was truly a very nice guy and a pleaseure to serve with.

TACP Location: ROK IN VN

TACP Assignments: Assigned: Our call sign was ragged scooper 40. I worked for Lt. Col Flynn and then Maj James A. Cook. Was a S/Sgt and NCOIC for part of the time I was assigned at Div. Hq MACV 1970-1971. 21TASS

-assigned to 1st ROK Capital division -

Under fire - yes- in and around Quy Nhon Vietnam.

TACP -Macdill AFB 1968-1970 - worked immediate air support with some great people both American and Korean

General Military History: Enlisted in may 1961 attended boot camp at Lackland and radio maintenance school at Keesler until graduation in 1962, at which time I was assigned to Tinan Air Station Taiwan. I was assigned to Makung Island at the radar site. My next assignment was a concurrent to Lindsey A.S. (Hq USAF). TWO TOURS IN NAM, TWO TOURS IN PHILIPPINES,. 1961-1991, 304x4, retired 2nd tour in nam 1970-1971 Hq MACV

General Comments: Two of us were sent to Nha Trang to pick up new radio jeeps, on our way back we experienced TET 68. During operation pershing I was assigned to the Korean 2 Star and flew all over with my portable radio so he could change air strike locations. We came under enemy fire.

DASF Flight # 2 Years in DASF: 05-65 ~ 09-65

TACP Location: KADENA JAPAN

TACP Assignments: Assigned: Visited Camp Casy and Camp Howes Korea, in September 1965. My time there would have been meaningful if it had not been for serious problems with Family back in the States.

General Military History: After my re-entry into the Air Force in 1971 my career was great. I went back to South East Asia almost immediatly after re-entry and ended up in Thailand. Was there when Sapers hit and took out some fuel revetments. Ended my time in the Air Force as a Student Training Advisor at Lowery AFB Colorado with the 51st School Squadron.

General Comments: When I was assigned there was no Commander or First Sgt. We had a A2c Orderly Room clerk, a lot of New equipment and a lot of confusion. I was a Ground Support Equipment Repair Troop and it was my job to get the Jeeps and Onan Generators ready for operation.

Pictures / Orders etc.: My pictures are already posted at the 2nd DASF site.

DASF Flight # 1 Years in DASF: 64 ~ 67

TACP Location: YOKOTA AFB JAPAN

TACP Assignments: Assigned: With the 1st Shoran-Beacon squadron at Yakota AFB at the time it was converted to 1st DASF. I do not remember any call signs. I did fly (back seat) in our O-1s a couple of times with our FAC in the front.

We were in the first convoy with the 2nd Bde, 25th Infantry to arrive at our new base camp at Cu Chi, RVN. We received frequent incoming from outside the wire for about the first six weeks we were there.

General Military History: Under Fire: Yes, Cu Chi while attached to the 2nd Bde, 25th Inf Division from Jan-Jul (TDY) 1966.

After returning to Japan, I applied for and received a Warrent Officer appointment in the Army as an Electronics Repair Tech in Feb 1967. One year later, Feb 68, I entered helicopter flight school, followed by CH-47 "Chinook" transition and returned to Viet Nam with the 205th Avn. Co. "Geronimo's" stationed at Phu Loi from Feb 69 to Feb 70. From there I went to Germany for four years and the to Ft. Carson, Colo. until I retired 31 Dec 1966.

General Comments: In the begining, we did a lot of training to get up to speed with this new Air Force ground support concept. Classes at Yokota on the new equipment, Field exercises working with U.S. and ROK units in Korea, jungle survival and escape and evasion in the Phillapines that was all preperation for TDY to RVN. Jan 1966 flew from Japan to Bien Hoa RVN in C-124 with two radio jeeps, generator trailers and all our personal gear. A couple of days later, we were hooked up with the 2nd Bde, 25th Infanry Division and were in the first convoy to to arrive at our new base camp at Cu Chi. Was told we would be gone from Japan for 90 days but was there until the 2nd or 3rd of Jul. Just a few days short of 180 days that would have made it a PCS rather than TDY. Amaizing how those things seem to happen when you are working for the government! Do have many memories of things there like sniper fire on a frequent basis, being in a convoy going to the field when the lead vehicle (APC) hit a mine and knocked off a track and we were stoped in the road with tall bamboo on both sides. Smelled like ambush time to us but a tank retriever from the back of the convoy ran over everything in its way to go around and get to the front to move the APC off the road. Nothing else bad happened except that I think I got my first gray hair that day. Lot of memories of people, places and things that will live in my memory as long as I live. Some good and some bad memories that I will never forget.
